

Port Kembla Sailing Club

Hi All

Winter is coming to an end and it is that time of the year that we all head back to PKSC, I can't believe how quickly the off season goes.

The canteen at Port Kembla Sailing does a great job of providing lunch to the sailors every Saturday as well as hosting some fantastic regattas during the sailing season.

However over the last few years we have slowly lost some of the regular volunteers and we are now looking for some new volunteers to assist with the canteen on a Saturday. Volunteers can be teenage kids, fathers, mothers, sailors, non-sailors, grandparents or any other person who is interested in helping out.

I realise that volunteering to assist can be daunting especially when people aren't 100% sure what they are getting into, so I thought I would outline what happens on Saturdays and when the help is needed.

10am - 12pm - assist with organising canteen for the day, i.e. put lollies on the bench, hot food in the pie oven and prepare sandwiches and hamburger rolls

12pm-1.30pm - assist with serving and cooking hamburgers

1.30-2.30 - clean and tidy canteen, count race fees

3.30 5.30 - take finish times of sailors, serve at canteen after racing

In the past we have had **FOUR** groups of people who were rostered on to one Saturday each month, each group had 5 or 6 people which meant if someone wasn't available it didn't matter we had extra helper.

We now only have **THREE** groups with three people.

Week 1 - first Saturday of the month: Sylvia Ledge, Paula Richardson and Teresa Marzano

Week 2 - second Saturday of the month: Gail Grant, Sue Souter, Rebecca Curry

Week 3 - third Saturday of the month: Kylie Curry, Sharon Sellers, Bec Markey

Week 4 - I am proposing that the fourth Saturday of the month is run by the sailors with the assistance of one Canteen representatives.

PLEASE have a think about what assistance you or a family member or friend can give to the canteen and get into contact with me or one of the other canteen helpers.

We are happy to accept any help that is offered, e.g. if someone is able to just assist from 10-12 on a certain day, we can add that to the canteen roster which will help relieve some of the pressure on the regular volunteers.

See you on the water

Rebecca Curry
